## 4 LIVEWIRE™

### Seats & Trim

#### A. LIVEWIRE LOW-PROFILE SEAT

Add a premium look and feel to your LiveWire model with this Low-Profile Seat. This premium seat is designed and engineered to complement the premium fit and finishes of the LiveWire model while still allowing for a two-up riding configuration. The Low-Profile Seat is approximately 1" lower than the Original Equipment seat, allowing for a slammed style and a closer reach to the ground.

##### 52000427

Fits '20-later LiveWire models. Seat width 10"; passenger pillion width 8".

#### B. LIVEWIRE TAIL SECTION COWL – CARBON FIBER

Designed specifically for LiveWire models, this premium carbon fiber Tail Section Cowl makes it easy to give the back of your LiveWire a unique performance look. The snap-on design features spring-loaded tabs that make installation simple and reversible so your bike can be returned to the stock, two-up configuration in minutes.

##### 61301070

Fits '20-later LiveWire models equipped with Original Equipment two-up seat or Low-Profile Seat P/N 52000427.

#### C. LIVEWIRE REAR BRAKE MASTER CYLINDER COVER – CARBON FIBER

Harley-Davidson has a long history of customization, and nothing changes with the introduction of the LiveWire electric motorcycle. This premium carbon fiber rear brake master cylinder cover, crafted by H-D stylists specifically to complement the look of the LiveWire, add a unique and finished look to an already unique motorcycle.

##### 61301075

Fits '20-later LiveWire models.

**D. LIVEWIRE SPEED SCREEN BLADE – CARBON FIBER**

The LiveWire Carbon Fiber Speed Screen Blade enhances the powerful, agile appearance of the motorcycle and is designed to carry the carbon fiber look throughout the vehicle. The blade seamlessly attaches to the Original Equipment speed screen for a stylized, custom look.

**57400400**  
Fits '20-later LiveWire models.

**E. LIVEWIRE TANK TRIM – CARBON FIBER**

Formed to hug the contour of the tank and visually accent the center, this premium carbon fiber tank trim was crafted to complement the look of the LiveWire and add a unique and finished look to an already unique motorcycle.

**61301076**  
Fits '20-later LiveWire models.

**F. LIVEWIRE CHARGE DOOR – BLACK WITH SATIN CHROME**

Harley-Davidson has a long history of customization, and nothing changes with the introduction of the LiveWire electric motorcycle. This premium charge door cover, with black textured center fill, brushed aluminum and centered, spun aluminum Bar & Shield® logo, adds a unique and finished look to the top of the LiveWire tank.

## Storage Cover

### A. LIVEWIRE STORAGE COVER

Custom fit for LiveWire models, this all-weather, indoor/outdoor cover has an asymmetrical design that fits perfectly when the motorcycle is leaned on its side stand with the handlebars turned. Constructed of heavy-duty 300 denier, fade- and water-resistant polyester fabric, this cover features taped seams for added water-resistance and weather-shielded vents to promote air circulation and minimize corrosion during long- and short-term storage, while the elastic belly band fits snugly around the motorcycle to keep the cover from billowing in heavy wind. Convenient built-in charge door access opening enables motorcycle charging with the cover on. The cover also features a wheel lock access opening and an internal pocket to hold an optional Cover Alarm (sold separately). And Harley-Davidson reflective script ensures your bike is seen at night and in dark parking lots.

**93100044**

Fits '20-later LiveWire models.

## Foot Controls

### A. 80GRIT™ FOOTPEGS

Combine form and function with the feel of an old-school BMX-style footpeg. The aluminum material with rugged styled edges is lightweight and grips the bottom of your boot, giving you an unmatched feeling of confidence. Black Anodized or Raw finishes provide custom options, while the HDMC™ "dog tag"-style logo adds subtle authenticity to the bold, stripped-down look.

#### Rider

Fits rider position on '20-later LiveWire models.

**50501383** Black.

**50501390** Raw.

#### Passenger

Fits passenger position on '20-later LiveWire models.

**50501388** Black.

**50501395** Raw.
